

NOBLE SPACE

OUTDOOR LIVING

DRAFT FOR REVIEW | INFORMATION ONLY | NOT PART OF THE CONTRACT

Manufacturer warranty reference

Manufacturer warranties are separate obligations of the applicable manufacturers. Their warranties, summaries and reference documents are supplied for information only and are not incorporated into, and are not part of, the Contract agreement between the Owner and Noble Space. This separation does not exclude the specified products from the construction scope, reduce Noble Space's own warranty obligations, or waive rights or remedies provided by applicable law.

Reference review date: October 11, 2026. These are summaries, not reproductions of the manufacturers' complete warranties. The written warranty applicable to the exact product, purchase date and use governs manufacturer coverage. Retain that edition rather than relying on future website changes.

TimberTech framing

The reviewed v041824 warranty gives residential framing members lifetime coverage in standard applications; accessories and fasteners have 25-year terms there. Coastal and freshwater use have different terms; saltwater applications are not warranted. Recommended-fastener and system requirements apply. Verify mixed-brand compatibility before promising manufacturer coverage.

Elite roof panels

Elite advertises a 10-year limited roof-system warranty. Obtain the actual written warranty for the specified panel, purchase date and application before assigning detailed remedies, finish coverage or labor coverage. The product page is not the complete warranty.

[Open manufacturer source or supplied sheet](#)

AZEK Alpine

The April 24, 2025 warranty provides lifetime coverage for specified manufacturing material defects and 12-year coverage for specified laminate delamination and discoloration. It applies to ceiling and soffit use, with exclusions and claim requirements. Removal, replacement installation labor and freight are excluded under the reviewed terms.

Manufacturer warranty reference

Trex

Trex publishes different warranties by decking collection and by railing or accessory product. Identify the exact product and purchase-date document; no universal Trex term or replacement-labor benefit is promised by this reference.

[Open manufacturer source or supplied sheet](#)

TimberTech decking and railing

The manufacturer hub lists lifetime product coverage for Advanced PVC with separate 35- or 50-year fade/stain terms, and 25- to 30-year composite terms. Railing terms vary by system and finish. Use the exact collection document; any contractor labor program has separate eligibility requirements.

[Open manufacturer source or supplied sheet](#)

Millboard

The US warranty page describes a 25-year residential limited structural decking warranty and requires registration within 90 days of purchase and Durafix fixings. Confirm the issued warranty and exact installation before relying on coverage.

Manufacturer warranty reference

FastenMaster ZipClip

The reviewed ZipClip page identifies installation documentation but does not establish a specific clip warranty duration. Obtain the applicable written terms and verify the exact clip and screw combination against the framing requirements; do not substitute a general screw guarantee.

[Open manufacturer source or supplied sheet](#)

Home-Kim windows

The supplied sheet describes lifetime coverage for specified vinyl frames, basic moving parts and sealed glass while the eligible owner owns and lives at the property, one year of manufacturer labor and a limited one-time transfer during the first 20 years. Installation defects, glass breakage and torn screening are excluded. Verify this sheet applies to the installed window.

Unspecified products

No manufacturer duration is assigned to unspecified screen mesh, motorized screens, electrical devices, polyaspartic coatings, stains, sealers, overlays, tile or vinyl-panel systems. Record the manufacturer, exact model/system, purchase date, warranty edition, registration deadline and claim route for each installed product. Obtain its written terms before representing coverage.

Product warranty record

Complete one copy per product. Deliver the actual manufacturer document separately. This record is informational and does not create a Noble Space product warranty.

Project / Contract number _____

Product and location _____

Manufacturer and exact model / system _____
