PROJECT WARRANTY SUMMARY | 2026-10-12-D5

Paver installation warranty guide

One-year structural and craftsmanship coverage

One-year limited structural and craftsmanship warranty covering installation failure caused by defective contracted workmanship, including base preparation, compaction, bedding, edge restraint, paver placement, joint installation and drainage. Covered failures include loss of stability, displacement, settlement or ponding caused by such defects under the contracted use. For a covered claim, Noble Space supplies the labor and comparable materials needed to repair the affected work under this addendum.

Covered work

Paver patios, walkways, driveways and related edging, bedding, base preparation, jointing and drainage installed by Noble Space, only where included in the signed scope. Identify the location and intended pedestrian or vehicle use.

Limits and care

Normal color variation, efflorescence, surface weathering, fading, routine joint-sand replenishment and minor cosmetic variation alone are not structural or craftsmanship failures. Damage caused by loads beyond the contracted use, roots, alterations, blocked drainage or unrelated ground movement is excluded only to the extent it causes the failure. Settlement or drainage failure caused by Noble Space workmanship remains covered. Standalone manufacturing defects are separate manufacturer matters. Keep drainage clear, maintain joints according to the specified system, and follow the paver manufacturer's cleaning and maintenance instructions. Do not change grades or impose vehicle or equipment loads beyond the contracted use.

Manufacturer warranties are separate

Manufacturer warranties are separate obligations of the applicable manufacturers. Their warranties, summaries and reference documents are supplied for information only and are not incorporated into, and are not part of, the Contract agreement between the Owner and Noble Space. This separation does not exclude the specified products from the construction scope, reduce Noble Space's own warranty obligations, or waive rights or remedies provided by applicable law.

Summary only. Read the complete W13 addendum with the signed agreement. Coverage begins at substantial completion. Contact jeremy@anoblespace.com or (864) 214-5441 for service. This revision does not reduce an earlier signed warranty.
