PROJECT WARRANTY SUMMARY | 2026-10-12-D5

Retaining wall installation warranty guide

One-year structural and craftsmanship coverage

One-year limited structural and craftsmanship warranty covering instability, displacement, excessive leaning or collapse caused by defective contracted workmanship under the specified design conditions and intended use. Covered work includes foundation preparation, leveling pads, placement, reinforcement, backfill compaction and drainage. Noble Space provides labor and comparable materials to repair covered work under this addendum.

Covered work

Retaining walls and contracted foundations, leveling pads, reinforcement, backfill, caps and drainage installed by Noble Space, limited to the locations, dimensions, materials and loading conditions in the signed scope.

Limits and care

Normal color variation, efflorescence, weathering and cosmetic variation alone are not covered failures. Added loads, changed grades, excavation, blocked drains, roots, third-party alterations and unrelated soil movement exclude coverage only to the extent they cause the failure. Noble Space workmanship defects remain covered. Existing work and standalone manufacturing defects are excluded from this installation warranty. Required engineering and permits remain applicable. Keep drainage outlets open. Obtain appropriate review before excavation, grade changes, attachments or loads beyond the agreed design.

Manufacturer warranties are separate

Manufacturer warranties are separate obligations of the applicable manufacturers. Their warranties, summaries and reference documents are supplied for information only and are not incorporated into, and are not part of, the Contract agreement between the Owner and Noble Space. This separation does not exclude the specified products from the construction scope, reduce Noble Space's own warranty obligations, or waive rights or remedies provided by applicable law.

Summary only. Read the complete W14 addendum with the signed agreement. Coverage begins at substantial completion. Contact jeremy@anoblespace.com or (864) 214-5441 for service. This revision does not reduce an earlier signed warranty.
